

HULA GIRL

LAHAINA • MAUI • HAWAII

PREMIUM MAIN DECK SEATING

This is your opportunity to choose premium tables that will remain your personal space throughout the trip.

For your safety and convenience, we will be assigning tables for food service. Tables 3 & 6 are available as an upgrade for \$100.00 each. This means you will have these tables throughout the entire voyage, however you are still free to roam

around the yacht at will while leaving your personal items at your reserved table. All the other tables except the fly bridge, are general seating. The crew will assign the general seating tables based on the size of your party for food service during meal times. At all other times you may seat at any available general seating table if you desire to be indoors. All outdoor areas are general seating to be shared with other guests. Even though the Fly Bridge tables may be reserved, you are still welcome to come up and enjoy the view and engage in conversation with the Captain. For your ease of mind, we would like to assure you there are no bad seats or tables on the Hula Girl. Every seat has a cushion and a view!
